School Notes.

The Jefferson school has not yet been opened and it is not known just when it can be opened. The high water of last week which still continues overflowed the sewer and forced several inches of sewage into the basement. This with the seepage water, made it impossible to hold school there. As the water goes down the floors will be cleaned and disinfected and then school will open. On the morning of the day when school opens the American flag will be raised to the flagstaff on the roof of the building and this will be the signal.

The Washington school opened Monday with a good attendance. But one case of scarlet fever has developed during the past week and that is, at the home of A. C. Combs on West Front street. It is not known that there were any exposures to this case.

Contracts were signed this week with the Omaha High School authorities for a game of foot ball with the team from that school at North Platte November 12, 1915. This will be the third game of the series with the Omaha High School and will be a good one.

The graduation exercises of the North Platte high school will be held Wednesday evening, May 26th. There are thirty-five members in the class. All are working hard to complete the work of the senior year with credit.

The high school cadets will go on their annual encampment on the morning of May 27th.

The grade schools will close Friday, May 28th.
